Dear Madam

Fisherman's Cove Hotel Redevelopment

Reply to ESIA Scoping Query by Planning Authority - " Resolving the use of additional land outside the Boundary Parcel at Fisherman Cove"

I act for Fisherman's Cove Hotel Limited and write in response to the question on "how the use of the additional land outside the boundary parcel will be resolved".

I confirm that an application for retrospective permission to reclaim that part from the sea, or permission from the Government to affix structure to the seabed, will be made once the redevelopment plan is approved.

Yours faithfully,

Kieran B Shah
